

# MUSIC (MUSC)

---

## **MUSC 1010 - Music Appreciation (3 Credit Hours)**

Basic elements and vocabulary of music; appreciation and understanding of diverse styles of music past and present; developing listening skills.

Includes opportunities for experiencing music (recorded and/or live).

Prerequisite(s): None

(3/0/3)

## **MUSC 2100 - Music Fundamentals (3 Credit Hours)**

This course is designed to provide a basic understanding of the fundamentals of music including elements of musical construction: rhythm, pitch, melody, harmony; score markings and construction; instrument identification: aural and visual; intervals; scales; key signatures; chord construction; basic analysis: aural and visual; and performance. We will workshop much of this material into practical applications which can be used in the elementary classroom.

Prerequisite(s): None

(3/0/3)
